About ICONIP 2024 abstract

Welcome to ICONIP 2024 Abstract Submission System.

ICONIP2024 invites abstract submissions for poster presentations at this year's conference that will be hosted at Auckland University of Technology (AUT) in Auckland, New Zealand.

The abstracts will be peer-reviewed and the accepted submissions will be published through **AUT Tuwhera Open Access** and will be assigned DOIs and an ISBN.

ICONIP 2024 brings together a global audience of researchers, academics, and industry experts across diverse disciplines. The conference aims to address real-world challenges through collaborative efforts, contributing to societal betterment.

Abstract registration includes attendance to all technical sessions, including tutorials, workshops, panels, welcome reception, coffee breaks, and the banquet during the main conference (December 2 – December 6).

Registration information is available at the official website of ICONIP2024: HERE

Submission Preparation Checklist

As part of the submission process, authors are required to check off their submission's compliance with all of the following items, and submissions may be returned to authors that do not adhere to these guidelines.

✔ The submission has not been previously published, nor is it before another journal/conference for consideration.

✔ The submission file is in OpenOffice or Microsoft Word.

✔ Where available, URLs for the references have been provided.

✔ The text is single-spaced; employs italics, rather than underlining (except with URL addresses); and all illustrations, figures, and tables are placed within the text at the appropriate points, rather than at the end.

✔ The text adheres to the stylistic and bibliographic requirements outlined in the Author Guidelines.

Author Guidelines

The abstract template is available to download

Please use this template for all abstract submissions.

Authors are to select tracks based on the topics listed on the official ICONIP 2024 website:

Track 1: Theory and Algorithms

Track 2: Cognitive Neurosciences

Track 3: Human Centred Computing

Track 4: Applications
